**MIFT**

## SYNOPSIS

The workshop aims to equip participants with fundamental knowledge of food processing technologies and food safety and quality assurance. Current regulatory issues faced by the food industry will also be discussed in-depth during the workshop. In addition, participants will be exposed to the latest trends in food product development, and present-day consumer behavior in terms of food preferences. Finally, actual demonstration and hands-on activities on various instruments related to food safety and quality analyses will be carried out.

## LEARNING OUTCOMES

1. To equip participants with fundamental knowledge on food processing, food safety and quality related topics.
2. To expose participants to the latest issues and trends in food product development.
3. To guide participants with the correct techniques in performing food safety and quality analyses.

## TOPICS

- Food processing technology
- Safety, quality and stability of food products
- Regulatory issues faced by the food industry
- Consumer preferences and latest trends in food product development

## TENTATIVE PROGRAM

Time	Activities
8:30 – 9:00	Registration
9:00 – 10:00	Lecture 1: <b>Food processing technology</b>
10:00 – 10:50	Lecture 2: <b>Safety, quality and stability of food products</b>
10:50 – 11:10	Morning Tea Break
11:10 – 12:00	Lecture 3: <b>Regulatory issues faced by the food industry</b>
12:00 – 13:00	Lecture 4: <b>Consumer preferences and latest trends in food product development</b>
13:00 – 14:00	Lunch Break
14:00 – 15:30	Demonstration and hands-on activities: <ul style="list-style-type: none"><li>- <b>Water activity meter</b></li><li>- <b>pH meter</b></li><li>- <b>Refractometer</b></li><li>- <b>Headspace analyser</b></li><li>- <b>Vacuum</b></li></ul>
15:30 – 15:45	Afternoon Tea Break
15:45	Closing Ceremony

## ABOUT THE SPEAKER

Professor Olga Padilla-Zakour, IFT Fellow, is the professor of food processing technologies and the Director of Cornell Food Venture Center in Cornell University, USA. She devotes her time to supporting the food industry and conducting applied research enhancing the safety and quality of plant-based food products. She has been actively involved in coordinating and developing outreach programs and extension activities to support new and established entrepreneurs in the food industry, providing guidelines and assistances in regulatory issues to ensure the safety of food products, and executing training programs for food entrepreneurs.
